Application No.: 10/764,678	Art Unit: 2623
Filed: January 26, 2004	Examiner: Kieu Oanh T. BUI
Title: SYSTEM FOR USING CHANNEL AND EVENT OVERLAYS FOR EVOKING CHANNEL AND EVENT RELATED FUNCTIONS	

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450**TELEPHONE INTERVIEW SUMMARY**
(November 8, 2007 Telephone Interview)

Sir:

The applicant's representative, Scott Richardson, contacted Examiner Bui by telephone on November 8, 2007 to inquire about the finality of the pending Office Action dated September 19, 2007. The Office Action Summary indicates that the paper is a final Office Action, even though it is the first Office Action following the Request for Continuing Examination (RCE) filed August 20, 2007. (The RCE was filed in response to receiving an Advisory Action denying entry of the After-Final Amendment of June 12, 2007.)

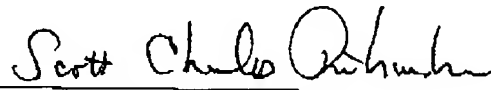

Examiner Bui pointed out that the finality indicated in the Office Action Summary is merely a typographical error. The conclusion of the Detailed Action (page 6) does not indicate that the Office Action is final. Examiner Bui said to ignore the

typographical error in the Office Action Summary, and instead treat the Office Action of September 19, 2007 as a non-final Office Action.

CONCLUSION

In the event any unresolved issues remain, the Examiner is kindly invited to contact applicant's representative, Scott Richardson, by telephone at (571)970-6835 so that such issues may be resolved as expeditiously as possible.

Respectfully submitted,

Scott Charles Richardson

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450**IN-PERSON INTERVIEW SUMMARY**
(December 14, 2007 In-Person Interview)

Sir:

The applicant appreciates the courtesies shown by Examiner Bui to applicant's representative, Scott Richardson, during the in-person interview conducted on December 14, 2007. This Interview Summary is being filed in conjunction with a Request for Continuing Examination (RCE) and Amendment to the application reflecting the discussion of the interview.

During the interview the Examiner and applicant's representative discussed various features of the invention, including aspects of the claims such as the "control corresponding with at least one programming function related to the [first] channel." Although agreement was not reached as to whether the present claims read on the cited art of the pending rejection, the Examiner and applicant's representative did agree about

claim language to overcome the pending rejection, namely, "wherein said control is one of a plurality of controls including a recording control for recording the at least one channel." Claims 1, 7 and 13 have been amended to recite this language, and claim 17 has been amended in a similar manner consistent with the terms recited in that claim. Accordingly, a full examination on the merits is earnestly requested in view of the present claim amendments.

CONCLUSION

In view of the foregoing, it is respectfully submitted that the application is in condition for allowance. However, in the event there are any unresolved issues, the Examiner is kindly invited to contact applicant's representative, Scott Richardson, by telephone at (571)970-6835 so that such issues may be resolved as expeditiously as possible.
